

## Kirby Morgan® Hood and Band Keeper Kit

525-172

All KMB 18 and 28 BandMasks® come equipped with the patent pending BandMask® Band Keepers™ along with a redesigned hood. This upgrade not only prevents any separation of the hood from the mask but also makes it impossible for the bands to separate from the mask.

### Hood and BandKeeper Kit: Part Number 525-172 Includes

- Hood: Part Number 510-712
- (3) Screw: Part Number 530-040
- (2) Screw: Part Number 530-062
- (2) Screw: Part Number 530-073
- Top BandKeeper Mount: Part Number 540-171
- Bottom BandKeeper Attachment Plate: Part Number 540-175
- Top BandKeeper Attachment Plate: Part Number 540-179
- Bottom BandKeeper Mount: Part Number 540-182

## Regulator Adjustment Tool Kit

525-752

The Tool Kit is available for setting up and adjusting the regulator on your SuperLite® and BandMask® 18B and 28B with KMB 18B and 28B BandMask® for maximum performance.

### Regulator Adjustment Tool Kit: Part Number 525-620 Includes

- Regulator Adjustment Wrench: Part Number 525-611
- Socket Wrench: Part Number 525-612
- Tool Pouch: Part Number 525-613
- Inlet Valve Tool: Part Number 525-616
- Castle Wrench: Part Number 525-618
- Socket Wrench Regulator Mount Nut: Part Number 525-625

## Kirby Morgan® Manifold Block Assembly

SEE BELOW

The Manifold Block Assembly provides a control point for your bailout supply when using a light weight full face mask like the EXO® Mask. It is equipped with four low pressure outlets and a check valve. It is available with a 9/16 inch oxygen fitting or a #6 JIC fitting, or a standard SCUBA fitting.

	Fittings
300-150	9/16 O <sub>2</sub> fitting
300-155	JIC fitting
300-145	Standard SCUBA fitting

## Amron Bailout Whips

SEE BELOW

Amron Bailout Whips attach directly from the first stage regulator low pressure (LP) port (3/8-24 male fitting) to the diver's helmet or mask bailout valve (9/16-18 female swivel nut). Bailout whips come standard with Hansen quick-disconnects (two way shut off). Also includes two red vinyl hose protectors. The standard length is 37 inch long. Other lengths and fitting configurations are available.

	Amron Bailout Whips
BO-37SS	Bailout Whip, 37 in., Stainless Steel Quick Disconnects
BOL-37SS	Bailout Whip with Stainless Steel Quick Disconnects and Locking Sleeve
BO-37B	Bailout Whip, 37 in., Brass Quick Disconnects
BOL-37B	Bailout Whip with Brass Quick Disconnects and Locking Sleeve
