Re: CS11 Chainsaw Bars and Chains Changes

To: Valued Customers

Beginning May 31, 2012 we will be making changes to the CS11 Chainsaw bars and chains.

Cut Length	Old Bar	New Bar	Old Chain	New Chain
24"	02684	72947	01824	72951
30"	03192	72948 (Now 32")	03194	72952
36"	03193	72949	03195	72953
42"	03457 (obsolete)	72950	03456 (obsolete)	72954
Stud Kit	72960			

Here is a breakdown of the new CS11 Chainsaw bars and chains part numbers:

\*red = no longer available, yellow=still available, green=new products

The new saw bars have a different stud size. If you are putting a new bar on an old saw it will require a Stud Kit (part number 72960).

For specific saw models CS11150 and CS11150D that require part numbers 03192 and 72948, there is now a **2-inch difference in length** between the old 03192 (30") and the new 72948 (32") saw bars. Part numbers 03192 (30" Sprocket Nose Saw Bar) and 03193 (36" Sprocket Nose Saw Bar) will no longer be available.
