AMRON MICROPHONE

NEW 1501 Series Microphone

**Designed and Built as a Robust Corrosion
Resistant Dynamic Microphone**

Amron International 1501 Series Microphone

Robust Corrosion Resistant Dynamic Microphone

Corrosion Resistant

The new Amron microphone is enclosed in a stainless housing with an electroless nickel plated front grill for superior industry leading corrosion resistance.

Durable

Designed with the same form, fit, and function as the old SHURE microphone, Amron's 1501-01 Dynamic Microphone can be used in most commercial diving helmets and masks.

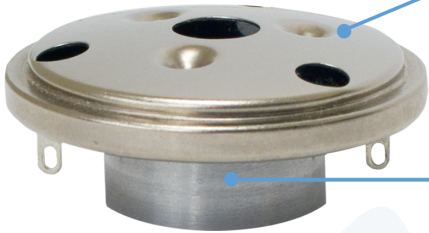

Photo of 1501-01 Enlarged to Show Detail

High Quality Clear Sound

The breathable membrane reduces the risk of water entering the microphone, allowing air to pass through for proper equalization.
