

SCUBA ACCESSORIES

Sherwood SVA5000 Valve
SVA5000-48

The critical link between your regulator and tank, the patented Sherwood valve was designed specifically to handle today's high performance regulators.

- Designed as a tank handle to make carrying your cylinder easier

Twin Manifold with J Valve
2800-00

Repair Kit

2800-95 Twin Manifold Repair Kit

Line Valve
SEE BELOW

Line Valve - 5000 PSI 1/4 in. F x MNPT

9913-09 Line Valve

9916-09 Line Valve with Locking Nuts

DIN Filler Adapter
AC375

- Adapt DIN valves for filling with a standard yoke filler
- Rotating DIN handwheel
- Standard Inlet and Outlet O-rings: Part Number VX15
- Factory Cleaned: Viton O-rings

200 Bar DIN to Standard Yoke
AA66

200 Bar DIN to standard yoke, for tank filling to 3000 PSI.

SCUBA to DIN Fill Adapter
SAA5301

This heavy duty SCUBA to DIN Fill Adapter from Sherwood SCUBA is made to last. Adapts a yoke to DIN. For filling purposes only to 3000 psi.

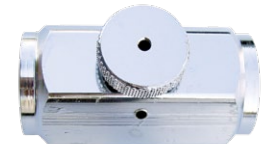

SCUBA Block Adapter
9-3030-1

- Pressure rating of 3000 PSI
- For CGA850 x 1/4 in. FNPT

Yoke/Bleeder
9913-02

- Screw Nickel Plated Brass with 1/4 FNPT x CGA-850(SCUBA) Connection
- 3200 PSI

Bleeder Block Assembly
SA4306

Sherwood SCUBA Bleeder Block Assembly is used to release air, or gas through a valve opening to reduce the built up pressure inside a tank to remove excess air.

- 1/4 in. FNPT x 1/4 in. FNPT
- Brass construction
- Bleed Screw
- Used with Fill Adapters and Line Valves without a Bleed valve
