

JPC 2.0™ SWIMMER CUT

NLC066

FEATURES

1. Easy 2-step emergency doffing capability
2. Hidden vertical webbing loops on front carrier supports detachable chest rigs
3. High performance stretch material that allows for plates of varying thickness
4. VELCRO® brand panel on the front of the carrier allows detachable MOLLE or mag pouch front flap
5. Zippers along the sides of the back carrier for zip-on panels
6. Low-profile cummerbund attachment that provides maximum adjustability and allows for chest expansion as needed
7. Webbing loops on the back of the shoulder straps to support back panels
8. Drag handle that supports up to 400 lbs.

PLATE SIZING INFO

Swimmer Cut:

Small Plate:	11" x 9.125"
Medium Plate:	11.5" x 10"
Large Plate:	12" x 10"
XLarge Plate:	12.5" x 11"

NOTE: If your plate dimensions are between sizes, or if your plates' thickness exceeds 1.25", we recommend sizing up to the next size.

DESIGN

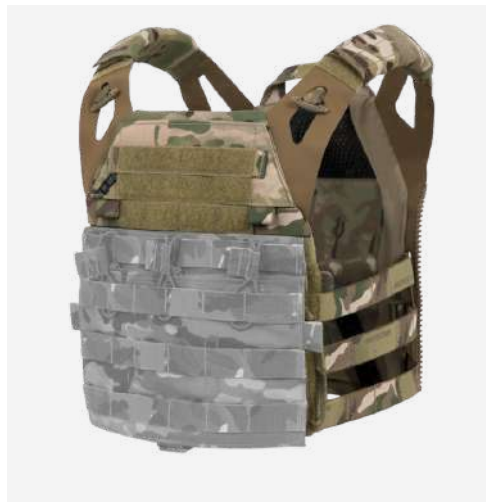

The **JPC (JUMPABLE PLATE CARRIER) 2.0™ SWIMMER CUT** is a lightweight and minimal armor vest designed for maximum mobility, weight savings, and packability. At just over one pound for the entire carrier, the **JPC 2.0™ SWIMMER CUT** offers a variety of configuration options to suit an operator's needs in terms of protection, modularity, and comfort. All **AVS™** detachable front flaps are compatible (sold separately). It features our **SKELETAL™ CUMMERBUND** system with our patented Integrated Attachment System that allows pouches to be mounted on both the inside and outside of the cummerbund. This system sheds unnecessary weight and bulk while improving overall ventilation. Made in the US from US materials. Patented, see WWW.LWPATENTS.COM
