

XT250 UNDERWEAR

Base layer for use under a dry suit in water temperatures from 15° C to 25° C

The ultimate base layer for dry suits, keeping the diver warm and dry without contributing to bulk or buoyancy

KEY FEATURES & BENEFITS

- Provides astonishing warmth without contributing to bulk or buoyancy
- The fabric traps a very thin layer of air next to the skin, keeping the wearer drier and more comfortable
- Flat seams for next-to-skin comfort
- Available as a set with top and leggings, or as a 1-piece undersuit
- Top features thumb loops and a crotch strap
- Leggings feature a high waistband and uniquely designed foot pockets

Applications

- Fire & Rescue Service
- Commercial Diving
- Law Enforcement
- Military
- Recreational Diving
- Sports/Technical Diving

PRODUCT INFORMATION

VIKING™ XT250 UNDERWEAR	
Description	<p>VIKING™ XT250 is designed to be worn on its own underneath a dry suit, or under another undersuit for added insulation.</p> <p>The XT250 fabric traps a very thin layer of air next to the skin, keeping the wearer drier and more comfortable. Even when wet it retains a significant degree of its thermal performance, so that the diver can continue the dive in relative comfort.</p> <p>Available as a set with top and leggings, or as a 1-piece undersuit.</p>
Design Features	<p>Top includes a crotch strap to ensure a good fit under the dry suit and thumb loops to hold the sleeves in place during donning. The thumb loops should be removed from the thumbs and pushed back under the wrist seals prior to diving.</p> <p>Leggings have a high waistband to prevent separation of the top and leggings during the dive and uniquely designed foot pockets to ensure leggings stay in place during the dive (no socks included).</p>
Temperature of Use	Suitable to wear on its own under a trilaminate or rubber dry suit from 15° C to 25° C . When worn in conjunction with the VIKING™ XT500 underwear, the temperature range becomes 5° C to 15° C .
Material / Fabric	Power stretch fleece, single layer. Made from: 57% Polyester / 33% Nylon / 10% Elastane
Weight	250 g/m ²
