SCUBAPRO Twin Jet Fins, Adjustable

SEE BELOW

Like the tailfin of a Humpback whale, SCUBAPRO's Twin Jet Fin uses a split hydrofoil shape to deliver more forward motion with less effort.

Features

- Patented split-fin propeller technology to deliver more forward motion with considerably less effort than traditional blades
- Drag-reducing vents, substantially decrease resistance on both up and down strokes
- Extended soleplate, acts like a lever to enhance power stroke
- Extra-wide foot pocket for wearing with a dry or semi-dry suit
- Quick-connect swivel buckles
- Black - Molded from a stiffer compound than other colors. Offers a more traditional feel. Slightly negative buoyancy
- Hi-Viz™ Yellow - Softer compound like graphite and cobalt in extremely vibrant color to afford the greatest visibility underwater

For sizes or colors not shown below, please contact Amron International sales staff to help you meet your needs!
