### SPECS:

- All fabrics pass the ASTM D6413/F2302 performance specification for flame-resistance

The Elements™ Jacket + Pant – CWAS (Cold Weather Aviation System) was designed for the U.S. Air Force and is now authorized Safe-to-Fly and approved for all aircrew on all platforms. It is also approved by NAVAIR for use within the U.S. Navy and U.S. Marine Corps. The Elements™ Jacket + Pant offers in-flight, world-class performance with a low-profile ergonomic fit for ease of tight space maneuvering to access needed gear and hose port systems - while being made with fully flame-resistant 4-way stretch Massif® Battleshield X® softshell fabric featuring WINDSTOPPER® technology by GORE-TEX® LABS, a highly water resistant, 100% windproof, and very breathable membrane. This Elements™ Jacket + Pant, constructed with Dupont™ Kevlar® and Nomex® brand fiber, is a softshell system that offers exceptional breathability, durability, and a high warmth-to-weight ratio.
